Criando elos de forma
sustentável entre **famílias** e a **natureza!**

Sobre Nós

Tecnologia, profissionalismo e consciência ambiental. Estes são os pilares que movem a Artefama desde 1945.

Estamos localizado em São Bento do Sul, Santa Catarina e nossa estrutura industrial de 50.000 m² é projetada para a alta performance, garantindo escala sem abrir mão da essência.

Nosso compromisso é com o futuro: utilizamos exclusivamente madeira maciça de fontes renováveis e manejo sustentável. Essa excelência nos permitiu conquistar o mundo, exportando há mais de meio século, enquanto atendemos o mercado brasileiro com a agilidade e a escala que o setor moveleiro exige.

www.artefama.com.br

Nosso compromisso com você é simples, criar peças de mobiliário de qualidade que atendam seu estilo de vida e desejo.
Nosso compromisso com o nosso planeta é ainda maior, respeitá-lo a todo custo e consistentemente reduzir o nosso impacto sobre a Terra.

O acabamento certo não apenas finaliza, ele revela a essência da madeira maciça. Nossas cores foram selecionadas para realçar os veios e a textura natural, transformando cada peça em uma obra única.

Dos tons quentes, que trazem acolhimento, aos acabamentos escuros, que impõem sofisticação e contraste, nossa paleta é a chave para expressar o estilo do seu ambiente com elegância atemporal.

ARCO

Rejane Carvalho Leite

A Cadeira Arco é a expressão do design minimalista com um toque de sofisticação.

Sua estrutura limpa e traços simples ganham destaque com o encosto em tiras de couro, que adicionam textura e elegância ao conjunto.

O assento estofado proporciona conforto, enquanto os materiais nobres garantem durabilidade e exclusividade.

Ref. 7787

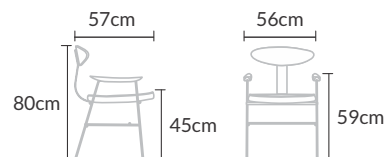

SODDY

Estúdio Moora

A Cadeira Soddy apresenta em seu design uma geometria fluída que une ergonomia, funcionalidade e conforto por meio de linhas curvas e encosto para os braços.

Ela faz parte da linha GEOS, que na geometria, é um círculo formado por quatro linhas que se conectam a um triângulo, que denomina três linhas, sendo uma delas a chamada Soddy.

Ref. 6741

CLAVE

,Ovo

A principal característica da linha Clave é o seu traço orgânico.

A cadeira apresenta linhas fluidas que são obtidas pela modelagem da madeira maciça (tauari) em CNC de 5 eixos, que permite esculpir o bloco bruto e chegar a volumes extremamente leves.

Ref. 5651

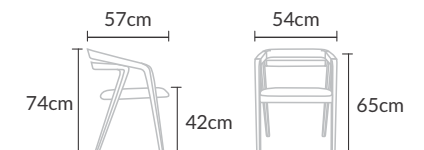

JOAQUIM

Bernardo Senna

Ao mestre. A cadeira Joaquim se inspirou no traço de Joaquim Tenreiro com a madeira.

Suas formas arredondadas e fluidas trazem um conforto absoluto.

Ref. 5432

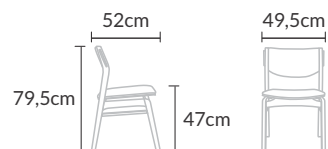

SULY

Rejane Carvalho Leite

A flexibilidade do espaldar da cadeira Suly, revestido com couro natural, confere o máximo conforto ao usuário.

A estrutura em madeira maciça é um diferencial, fazendo com que o assento, também revestido em couro natural, pareça estar flutuando.

HARP

Aciole Félix

Como as linhas de um instrumento musical, o design da linha Harp traz elementos contrastantes em uma combinação contemporânea de formas e materiais.

Cada detalhe foi cuidadosamente projetado para agradar os olhos de quem vê e o corpo de quem usa. Madeira, Aço e Couro em harmonia como o som refinado de uma harpa.

FACE

Zanini de Zanine

A Cadeira e Banqueta Face propõe a combinação de características para transmitir brasilidade, como a utilização de couro e madeira como matéria-prima.

Formas fragmentadas do encosto trazem leveza ao mobiliário juntamente com a estrutura ampla e vazada remetendo ao visual antigo mesmo através de produção industrial seriada.

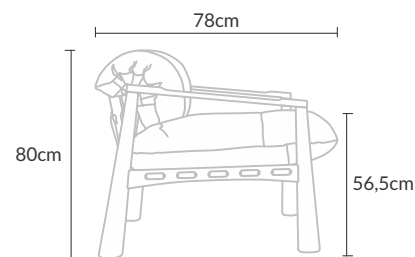

RIOS

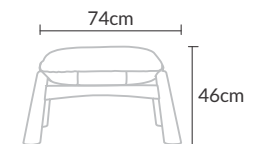

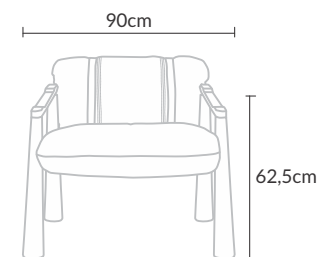

A Poltrona RIOS foi inspirada em um dos cartões postais da cidade do Rio de Janeiro, o Morro do Pão de Açúcar.

O destaque está em seu desenho que remete ao Morro e aos traços que lembram os caminhos dos Bondinhos, que diariamente atraem turistas para o deslumbre dessa belíssima paisagem da cidade maravilhosa.

Os cintos em couro na base do assento e também nas costas dão o toque final essa peça de extremo conforto.

INTAGLIARE

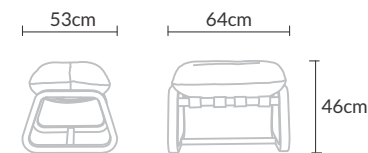

As formas orgânicas da Poltrona Intagliare remetem ao feitiço artesanal feito com a madeira. Suas almofadas são 100% feitas com percintas, o que proporciona conforto extremo, já que ao se sentar, suas almofadas se moldam ao corpo.

MET

A Poltrona Met é uma síntese de elegância e durabilidade. Sua estrutura de madeira realça a beleza natural, enquanto o estofado fino em couro oferece conforto luxuoso. Detalhes em ferro adicionam um toque de rusticidade, tornando-a uma peça de destaque que combina sofisticação com aconchego.

FOTOS

JARDINO

Esta poltrona é uma peça de design extraordinário que combina elementos clássicos e contemporâneos em perfeita harmonia. Sua estrutura é habilmente construída a partir de madeira nobre, conferindo-lhe um toque de requinte e durabilidade excepcionais. As linhas retas da poltrona são suavizadas por detalhes curvos que adicionam um toque de elegância e fluidez ao seu design.

FOTOS

THEO

"O nome Theo é uma homenagem ao meu primeiro filho."

Uma peça que brinca com materiais e busca um equilíbrio entre os diferentes volumes que compõem o desenho, dos cantos arredondados ao chanfrados, da madeira ao couro, dos espaços preenchidos aos vazados, tudo desenhado buscando a melhor combinação estética e proporções.

MOLIÇOSA

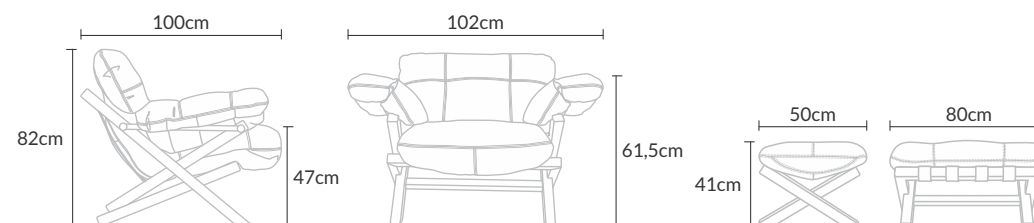

Moliçosa nasce da união de duas peças carregadas de brasilidade, ligando a linguagem moderna de meados dos anos 40 e início dos anos 50 à especificidade local brasileira da época. De um lado, a poltrona Mole, ícone do design moderno, criada por Sérgio Rodrigues e de outro a histórica cadeira Preguiçosa, criada por Lina Bo Bardi. Ambas resgatam um forte elemento das raízes culturais do Brasil: A rede, para sentar e dormir criada pelos indígenas da América do Sul.

A estrutura simples de madeira maciça, trabalhada com encaixes precisos, suspende as tiras de couro que recebem as confortáveis almofadas, possibilitando ao usuário acomodar-se de forma perfeita, como se estivesse em uma rede. .

JOQUEI

Jóquei, uma poltrona modelada por uma concha, essencialmente em couro, que se debruça sobre uma estrutura em madeira maciça, fazendo alusão às selas de montaria dos jóqueis, cuja peça é trabalhada à mão e extremamente confortável. A costura dupla que conforma a peça única do assento e espaldar é finalizada com uma costura em zig-zag, fechando a lateral da concha.
