

A modern living room interior. On the left, a large wooden wall unit houses a large black TV. To the right, a woman in a beige outfit walks barefoot across a grey rug. In the background, a tall, open wooden bookshelf holds books and decorative items. The room is lit with warm, recessed ceiling lights and a long light strip under the TV unit. A dotted white line runs vertically and horizontally across the image, framing the central text.

Móveis que contam
a sua história.

50 years. Furniture that tells your story.

Há 50 anos, fazemos parte da vida das pessoas.

Acompanhamos mudanças, estilos, gerações e novos jeitos de morar. Vimos casas se transformarem em lares, famílias crescerem, histórias começarem e seguirem em frente. Em cada fase, nossos móveis estiveram presentes, não apenas ocupando espaços, mas fazendo parte de momentos que permanecem.

Mais do que celebrar uma data, este catálogo celebra histórias. Histórias reais, vividas dentro de casa, em torno da mesa, no sofá, no dia a dia. Chegar aos 50 anos é resultado de uma trajetória construída com consistência, respeito ao design, atenção aos detalhes e compromisso com a qualidade. Porque o tempo passa, mas aquilo que é bem feito permanece. Seguimos criando móveis que atravessam gerações, contando histórias que merecem ser lembradas.

For 50 years, we have been part of people’s lives.

We have followed changes, styles, generations, and new ways of living. We have seen houses turn into homes, families grow, stories begin and move forward. In every phase, our furniture has been present not merely occupying spaces, but becoming part of moments that remain.

More than celebrating a date, this catalog celebrates stories. Real stories, lived at home, around the table, on the sofa, in everyday life. Reaching 50 years is the result of a journey built with consistency, respect for design, attention to detail, and a commitment to quality. Because time passes, but what is well made remains. We continue to create furniture that spans generations, telling stories that deserve to be remembered.
